PMP Application Worksheet (2026)

Plan your application on paper before you type it into PMI's form.

Which path are you on?

Your education	Experience leading projects you need
Secondary school (high school diploma, GED or equivalent)	60 months
Associate's degree or equivalent post-secondary program	48 months
Bachelor's degree or higher	36 months
Bachelor's or postgraduate degree from a PMI GAC-accredited program	24 months

The rules

- All of your experience has to fall within the 10 years before you submit your application.
- Months count once. If two projects ran at the same time, those months only count one time.
- The experience has to be leading and directing projects.
- You also need 35 hours of project management training. An active CAPM gives you credit for all 35.
- Books and practice exams alone don't count as training.

My path: _____ Months I need: _____ Months I have: _____

Training hours and audit prep

Provider	Course	Dates	Hours	Certificate on file?

Total hours: _____ / 35

If you're audited, PMI asks for:

- A copy of your diploma or degree
- Signatures from a supervisor or manager for each experience entry
- Certificates or letters from your training providers for the hours you listed

Good to know

- You get 90 days to send your audit documents.
- Your 1-year window to take the exam starts after you're approved (after the audit, if you're picked).
